

Name: _____ Date: _____

Teacher: _____ School: _____

Grade 5 English Language Arts Post-Assessment: Timed Writing Task

Directions:

1. Read the texts assigned to you independently and write a one paragraph summary of each.
2. When you are finished, use what you learned from the reading to answer these questions:
 - *What is the purpose of Earth Science?*
 - *What important things can be learned from reading about Earth Science?*
 - ✓ Be sure your answer includes two or more main ideas
 - ✓ Be sure to include at least two details that support each main idea
3. Edit your work carefully, and correct all errors in spelling, punctuation, and mechanics.

You may use scrap paper to plan your writing. Please submit your final copies of task 1 and 2 on lined paper.
